JM

Hi,

Sure thing, a version of the dataset page with working links can be found here:

<http://jmcauley.ucsd.edu/data/amazon/links.html>

Remember to cite our SIGIR and KDD papers (listed on the above page) if you use the data.

Hello,

I am an undergraduate student currently attending Penn State University and was wondering if you can provide me access to the dataset for a class project dealing with Big Data Analysis using Apache Spark.

Thank you,
Yuya Ong
